# شركة دليم العربية المحدودة DULAIM ARABIA LIMITED COMPANY.

Security-Hardware-Networking-Communication Solutions

## Our Offerings

For more over 15 years, Dulaim Arabia has been designing, installing, and servicing electronic security systems. Our knowledgeable sales staff will provide the best security solution for your needs after thoroughly evaluating your company or location. Each phase, including effective installation, programming, and final handover, is handled by our devoted operations managers and trained technical teams.

## CCTV VIDEO SYSTEMS

We take great satisfaction in being on the cutting edge of technology.

Everything from Full HD and Smart IP Network based CCTV to AI Video Analytics, ANPR (Automatic Number Plate Recognition) Solutions, and mobile device viewing and control of your deployed cameras through ISP connectivity

## ACCESS CONTROL

Your access control is the core of every security system. Questions about who has access to the property, why they have access, and when they have access are always asked. To keep your points of access secure and under surveillance, we offer facial recognition, biometric, and card access terminals connected to custom door locking systems and PC Server software.

## Our Offerings

### INTERCOM DOOR ENTRY SYSTEMS

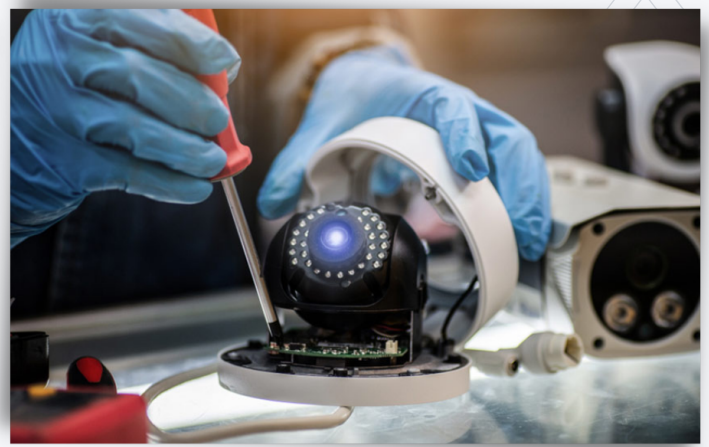

The completion of your door entry solution depends on visitor identification.

With the aid of a 2-Wire or IP Network infrastructure, we install video and audio intercom systems.

Our knowledgeable advisors will provide guidance on the available options and install to your precise specifications.

### CABLING

We can offer a solution for both indoor and outdoor situations thanks to our selection of steel and composite cable management devices. All sorts of cables, including data cables and HV power cables, can be used with our products.
